## ***Continuing Professional Education (CPE) Information***

Members of the International Association of Certified Valuation Specialists understand and respect the role that education plays in providing excellent service for clients. Not only do educational seminars provide an important networking opportunity to form significant work contacts, they also allow members to maintain their expertise with the ever-changing best practices.

IACVS Headquarters requirements for IACVS credentialed members include a minimum of 36 hours of continuing professional education (CPE) per calendar year and completion of the “Current Update in Business Valuation” (CUV) at a minimum of once every 3 years. Members who are on “inactive retired status” do not need to meet these requirements.

IACVS Headquarters requires that members attest to the number of CPE hours taken on a yearly basis, prior to or concurrent with the renewal process. Members attest to the hours taken during the preceding calendar year.

IACVS Headquarters stipulates that all credentialed members meet the CPE requirement, but also recognizes this may not always be possible. Therefore, IACVS HQ allows members with extenuating circumstances, a one-time CPE waiver when application for same is submitted to the IACVS Board of Directors. For more information on the waiver, please contact IACVS’s Membership Department.

To qualify as CPE for IACVs, CPE must be:

- CPE defined as:
  - Be a qualifying program designed to enhance professional knowledge in business valuation or fraud deterrence or detection related matters, and
  - Be conducted by a qualifying sponsor. More information on qualified CPE may be found online at [www.iacvs.org](http://www.iacvs.org).
- CPE in the areas of business, intangible asset valuation or practice management sponsored by any professional business valuation organization (for example: IACVS, IVSC, CA and CPA organizations), their charters or chapters.
